The Honorable Rosa DeLauro  
Ranking Member  
House Appropriations Committee  
1036 Longworth House Office Building  
Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro,

I am requesting funding for Honesdale Borough for Stormwater Management Upgrades in Fiscal Year 2027. The entity to receive funding for this project is Honesdale Borough located at 958 Main Street, Honesdale, PA, 18431. The funding would be used for upgrading and expanding its stormwater management and capture system.

The project is an appropriate use of taxpayer funds because these upgrades will address erosion, reduce the flow of pollutants into local waterways, and help prevent further environmental degradation, ensuring a safer, healthier, and more sustainable community.

The project has a federal nexus because the funding provided is for purposes authorized by 33 U.S.C. § 1383(c) (Section 603(c) of the Clean Water Act) pertaining to measures to manage, reduce, treat, or recapture stormwater.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Rob Bresnahan, Jr.  
Member of Congress
